PROFILE

I am a highly skilled and experienced web developer with expertise in all aspects of advanced web development. Proficient in the entire process, from user interface design to testing and debugging, I bring a wealth of knowledge to every project. My strengths lie in the design, installation, testing, and maintenance of web systems. With a versatile skill-set, I am proficient in various technologies including JavaScript, TypeScript, React, Vite, Node.js, Express.js, HTML, CSS, MongoDB, Firebase, and SQL. I excel both as a self-managed professional working on independent projects and as a valuable team player.

WORK HISTORY

Web Developer, Zibara

Lagos

May 2021 — Jul 2022

- Planned, developed, tested, deployed, and maintained web applications.
- Provided effective troubleshooting and remediation for web applications.
- Worked well independently and within a team setting.
- Effectively translated client requirements into application designs and systems requirements.
- Followed policies and procedures related to application methods and quality standards at all times.

Front End Developer, Primar

- Utilized HTML5, CSS3, and JavaScript to create a dynamic, interactive user interface that improved user experience.
- Developed a responsive website that is optimized for both desktop and mobile devices, increasing user engagement.
- Implemented a single-page application using React and Redux that improved overall performance and usability.
